

In Life you make Choices *'And the day came when the risk to remain tight*

in a bud was more painful than the risk it took to blossom.' Elizabeth Appell

In life you make choices, some good and some bad, that will either take you further along the path you're on or lead on to a new path. Like the branches of a cherry blossom, these paths reach out in every direction, crossing over, and tangling together or sometimes starting fresh with new blossoms ready to bloom.

LOTUS (80cm x 60cm)

THE LOTUS IS A BIG PART OF MY HERITAGE AND I THINK THEY ARE VERY BEAUTIFUL AND HOW THEY GROW OUT OF DIRT AND BECOME AN AMAZING FLOWER. THE MEANING BEHIND THE PAINTING HAS CULTURAL, RELIGIOUS AND PERSONAL MEANING. THE SYMBOLIC MEANING OF THE LOTUS IS BASICALLY TURNING SOMETHING DIRTY AND UGLY BLOSSOMING INTO SOMETHING BEAUTIFUL.

Yin and Yang - A sweet and spiritual symbol of balance and peace.

Colourful meaning:

Purple: Your deepest need is for emotional security and to create order and perfection in all areas of your life, including your spiritual life. You also have a deep need to initiate and participate in humanitarian projects, helping others in need.

White: Innocence and purity: White is the beginning of everything, before anything is muddied or thinking is 'coloured'. White represents NEW BEGINNINGS, a clean slate, helping us through times of stress, and allowing us put the past behind us and preparing us to move on. White is the positive as well as the negative aspects of all colours. It contains an equal balance of all the colours of the spectrum.

Do we cover ourselves because we think we stand alone?

“A soft white blanket can cover you but eventually it will clear and you’ll be able to think. Then everyone can see the scars that you’re not scared to show”

I'll take you there

My painting is about freedom and escaping drama. The painting gives the expression of friendship and happiness. The idea behind this artwork is that I want to travel in my kombi van and living the ‘high’ life with my bestie. When I look at this painting it reminds me of where I once was to how far I have come today and where I will be heading in the future. I have dreams and this amazing painting will

take you there. This painting will look fabulous anywhere in your house.

Does he visit me?

Do you suffer?
Getting through the grief
Despite agreeing to cut back on
What you see.
Tell me. "Does he visit me:"

Enclosed love rose

I am flower
Flower is opening
I am locked
I will lock in your love.
A rose of words
Not yet bloomed
Still intact
Just like my heart.
If a flower
Bloomed in a dark room?
Would you trust it?

Symbol of hope

The season of the cherry blossoms mark the start of new beginnings.

The blooming period of cherry blossoms are short, leading to an instantaneous flourish and sudden death.

But this flower is linked with female beauty, feminine sexuality and authority as well.
