

Our curriculum

Our centre offers a play based curriculum. Play based learning is, essentially, to learn while at play. We believe that child directed, voluntary, internally motivated, fun, learning experiences allow for children to learn more effectively, and just as importantly, develop a lifelong love for learning.

Our curriculum aligns to the Early Years Learning Framework of Australia. This framework was developed by the Australian and State and Territory governments. The framework focuses on your child's learning. Educators will work with you in order to get to know your child well. They will create a learning program that builds on your child's interests and abilities, and keep you in touch with your child's progress. You can find out more about this framework by visiting Australian Government Department of Education website.

Here is a diagram which shows a snapshot of what happens to support children's learning and development at Search Light Early Learning Centre
